

## Minnesota No-Fault Online Scheduling System Enhancements

In an effort to improve the user's experience with the online scheduling system, the American Arbitration Association® (AAA®) will be releasing a number of enhancements to the system. A full list of new functionality is included below, as well as the enhancements that have been released since the launch of the system on June 1, 2018.

### What's New in the Online Scheduling System:

- Improved layout and navigation
- Use of a global calendar to capture and submit unavailability
- Unavailability will save and can be used for multiple cases
- One centralized location to submit unavailability for all cases, as either a representative or arbitrator
- Ability to customize your calendar based on the needs of each individual client
- Easily identifiable Scheduling Periods and Due Dates
- Simplified Recurring Unavailability tool

### Previous Enhancements:

- Ability to clear all unavailability at one time
- Ability to clear unavailability for a specific period of time
- Ability to quickly jump around to various months through the "View Calendar" option

If you have any questions regarding the enhancements, please feel free to contact Krista Peach at 612-278-5114 or by email at [KristaPeach@adr.org](mailto:KristaPeach@adr.org).
